WEKIVA PARKWAY
Completing Central Florida's Beltway

TOLL 429

HOME | PROJECTS | COCEA PROJECTS | PROJECTS BY COUNTY | PROJECT HISTORY | FAQ | CONTACT US

WELCOME

On behalf of the Florida Department of Transportation and the Orlando-Orange County Expressway Authority, thank you for your interest in the Wekiva Parkway design and construction projects. The Wekiva Parkway (State Road 429) is a cooperative effort between these agencies and the Florida's Turnpike Enterprise.

The Wekiva Parkway (SR 429) would connect to SR 417, completing the beltway around northwest metropolitan Orlando. This estimated \$1.5 billion project includes \$500 million of non-toll road improvements including:

- Building seven (7) miles of four- and six-laning of SR 46 in Lake and Seminole Counties
- Rebuilding the US 441/SR 46 interchange in Mount Dora
- Relocating the CR 46A connection to SR 46 to provide improved wildlife connectivity and additional local road system benefits

[Click here](#) to view the overall project schedule. Please understand schedules are subject to change due to a host of variables.

Click here to view larger map

The 25-mile tolled expressway will provide travel alternatives and relieve US 441, SR 46 and other area roads of traffic congestion resulting from growth and travel between Orange, Lake and Seminole Counties.

Authorized in 2004 by the Wekiva Parkway and Protection Act (Chapter 369, Part III, F.S.), this expressway has been heralded as a shining example for transportation planning through an environmentally sensitive area. Development of the Wekiva Parkway has included setting aside more than 3,400 acres of
