WELCOME

On behalf of the Florida Department of Transportation and the Orlando-Orange County Expressway Authority, thank you for your interest in the Wekiva Parkway design and construction projects. The Wekiva Parkway (State Road 429) is a cooperative effort between these agencies and the Florida's Turnpike Enterprise.

The Wekiva Parkway (SR 429) would connect to SR 417, completing the beltway around northwest metropolitan Orlando. This estimated \$1.7 billion project includes \$500 million of non-toll road improvements including:

- Building seven (7) miles of four- and six-laning of SR 46 in Lake and Seminole Counties
- Rebuilding the US 441/SR 46 interchange in Mount Dora
- Relocating the CR 46A connection to SR 46 to provide improved wildlife connectivity and additional local road system benefits
