

Section 1 (429-202 & 429-203) 60% Design Community Open House Meeting

March 21, 2013

Nearly 200 people attended a community open-house meeting hosted by the Orlando-Orange County Expressway Authority on March 21, 2013, on its first section of the Wekiva Parkway from north of US 441 near Plymouth Sorrento Road to just north of Kelly Park Road.

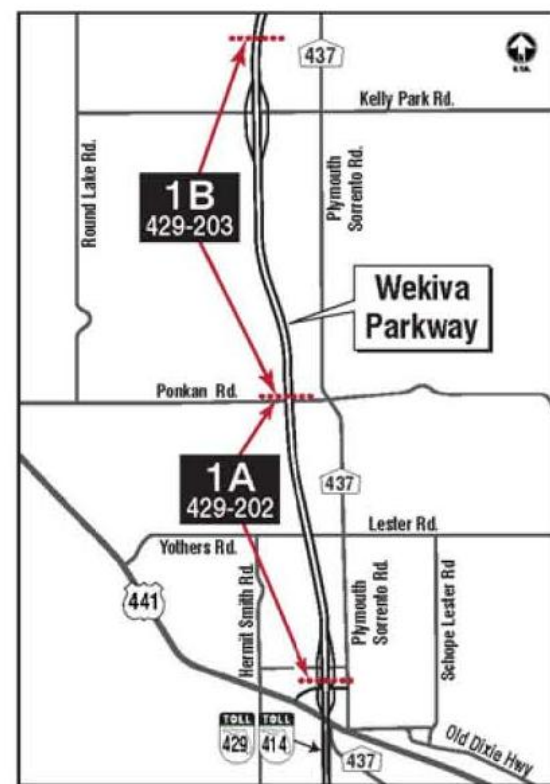

Those attending the meeting at Apopka High School included agency and elected officials, property owners, interested members of the public and the media. Meeting attendees were able to review maps, drawings and other pertinent information about the 60% complete design plans for this project, as well as ask questions of agency and project staff.

Welcome to our Community Open-House Meeting!

Learn about the 60% design plans for the Expressway Authority's first section of the Wekiva Parkway.

We welcome your comments!
