

WEKIWA PARKWAY

Completing Central Florida's Beltway

A Regional Transportation Solution

Design-Build Section 8 - 15% Line and Grade Public
Information Meeting – Open House
June 11, 2013

More than 180 people attended the Florida Department of Transportation's public meeting open house on June 11, 2013 to review the 15% Line and Grade plans for Section 8 of the Wekiva Parkway. Section 8 includes the parkway interchange with I-4 and State Road 417 in Sanford.

Those attending the meeting at The Rock Church in Sanford were able to view project exhibits, plans, a PowerPoint presentation and to ask questions of FDOT and other project team staff. Nearly 20 people submitted written comments as a result of the meeting. The meeting also allowed the public to review and comment on preliminary design changes since the Project Development and Environmental (PD&E) Study.
